

MELBOURNE THE PLACE TO WORK

INFORMATION FOR RADIOGRAPHERS

MIA Victoria is the leading provider of diagnostic imaging services in Victoria, providing a comprehensive range of radiological services throughout a network of strategically located practices. The combined group operates over 60 locations throughout the northern, southern, eastern, western and bayside suburbs of Melbourne, and extends to include the Mornington Peninsula and Gippsland.

- ▶ Great life style, close to the beach, city, shops and a multitude of great restaurants.
- ▶ Less than 1 hours drive to wine growing regions.
- ▶ Less than 2 hours drive to the ski fields in winter.
- ▶ Easy access to international and domestic flights.
- ▶ Great for international sports and entertainment, eg tennis, grand prix, cricket, Commonwealth Games, theatre and music.
- ▶ Supportive, professional team orientated staff.
- ▶ Variety of clinics from hospital based sites to smaller stand alone sites.
- ▶ Modalities include Multi slice CT, Ultrasound (general and vascular), DEXA, Stereotactic biopsy, OPG, MRI, Mammography and Breast screen, as well as General Radiography.
- ▶ On call and shift work an optional extra not compulsory.
- ▶ Quick progression to in house training including CT, Stereo, Mammography, Breast Screen and Ultrasound, leading to career advancement. All training provided by highly motivated staff.
- ▶ In house educational program, where CPD credits are given for attendance in all modalities including Ultrasound.
- ▶ Reimbursement for seminars and conference attendance.
- ▶ Excellent remuneration, secondary working conditions and a great Christmas Party.
- ▶ Equipment constantly being updated.
- ▶ Large Multi National Company can offer opportunities locally, nationally and internationally.

Please do not hesitate to contact us to further discuss the opportunities within the I-MED/MIA Network.
